Election/Restrictions

Newly amended claims 1-8, 11, and 12 are directed to an invention that is independent or distinct from the invention originally claimed for the following reasons: Claim 1 as originally filed was drawn to a condiment holder classified in class 220, subclass 23.83. Claim 1 as now amended requires a refrigerated table classified in class 62, subclass 458. The inventions are distinct due to their different classification and require a different search. Since applicant has received an action on the merits for the originally presented invention, this invention has been constructively elected by original presentation for prosecution on the merits. Accordingly, claims 1-8, 11, and 12 are withdrawn from consideration as being directed to a non-elected invention. See 37 CFR 1.142(b) and MPEP § 821.03.

The amendment filed on 3/14/05 eliminating all claims drawn to the elected invention and presenting only claims drawn to a non-elected invention is non-responsive (MPEP § 821.03). The remaining claims are not readable on the elected invention because claim 1 as originally filed was drawn to only a condiment holder and did not require the peripheral lip or the refrigerated table. Claim 1 as it is now amended requires a refrigerated table having an opening to receive the condiment holder and a peripheral lip on the holder engaging the refrigerated table at the opening therein.

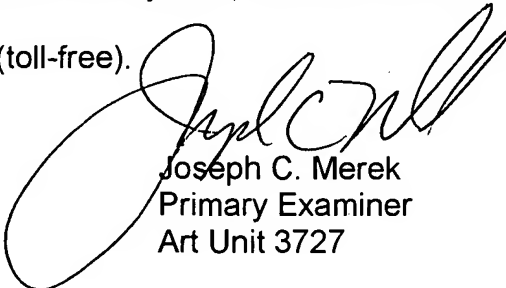

Art Unit: 3727

Since the above-mentioned amendment appears to be a *bona fide* attempt to reply, applicant is given a TIME PERIOD of ONE (1) MONTH or THIRTY (30) DAYS, whichever is longer, from the mailing date of this notice within which to supply the omission or correction in order to avoid abandonment. EXTENSIONS OF THIS TIME PERIOD UNDER 37 CFR 1.136(a) ARE AVAILABLE.
